

EXODUS MANDATE PROJECT: An outreach of Frontline Ministries, Inc.

Much of what the Exodus Mandate Project has done for the past 20 years, and is still doing today, is to educate parents, churches, and others of the devastation brought about by the public (government) school system to the 52+ million school age children. At the same time, we work to inform the general public of the Christian alternatives that exist.

These are some of the ways by which Exodus Mandate does this:

- We have volunteer coordinators in 20+ states working to spread the message.
- Frontline Ministries, Inc., is registered as a 501©3 non-profit, tax-exempt Christian ministry. Exodus Mandate is a project under FM Inc.
- We have an informative web site, www.ExodusMandate.org
- We have 3 Facebook pages, Exodus Mandate Community, Exodus Mandate Forum and Exodus Mandate Friends.
- We advise churches and individuals on how to start Christian schools.
- We support, encourage and provide information regarding home schooling.
- We host training seminars (i.e., educational forums, worldview, etc.)
- We speak at many national meetings, give radio interviews (i.e., Dr. Dobson's Family Talk) and write articles.
- We have produced bumper stickers and signs that read, "Christian Children Need Christian Education" and other signs with "Public Schools Harm Children."
- We have produced DVD's and CD's on Common Core, on the Public School System, and on the general issue of Christian Education. (i.e., *IndoctriNation*, *Escaping Common Core*, *Call to Dunkirk*, *Let My Children Go*, etc.)
- We have produced numerous brochures on the issue of Christian education.
- Mail 3-4 ministry update letters per year to our donor base.
- We attend and speak at national conventions such as: National Religious Broadcasters (NRB), the Council for National Policy (CNP), various state home school conventions, churches, universities, forums, debates and other local events.
- We emphasize that Christian schools need to make certain that they present a biblical worldview throughout their academics.
- We have published books (i.e., *Let My Children Go*, *Promise of Jonadab*, etc.).
- We work with a coalition with 25 ministries or organizations which are dedicated to similar goals, and we network alongside them.
- We assist and help promote other Christian authors who publish books and articles on education.
- Past Banquet speakers include: The Honorable Judge Roy Moore, Dr. Erwin Lutzer, Dr. Norm Geisler, Liberty University Law Professor Jeff Tuomala.
- Celebrated 20 year anniversary of Exodus Mandate on Oct. 26, 2017. This year's speaker was noted author and columnist, Cal Thomas.
