

OUR RESCUING CHILDREN

— And Our Nation

There is a reason the Deep State globalists sound so confident about the success of their agenda - they have a secret weapon: More than 85% of American children are being indoctrinated by radicalized government schools. In this explosive talk, Alex Newman exposes the insanity that has taken over the public school system. From the sexualization of children and the re-shaping of values to deliberate dumbing down, Newman shows how dangerous this threat is -- not just to our children -- but to the future of faith, family, and freedom. More importantly, he shares what you and every American can do about it.

Mr. Alex Newman

Alex has a B.S. degree in journalism from the University of Florida with an emphasis on economics and international relations, as well as an A.A. degree in foreign languages from Miami-Dade College.
